Description of Proposed Work:

Please provide a thorough written description of the proposed work, including—

- Location on building
- Approximate size of area affected
- Existing conditions
- Materials to be used
- Proposed methods (must follow the Secretary of the Interior's Standards)

(Use as many pages as needed)

The proposed work is in building 107. As part of a fan coil replacement project, baseboard heaters are to be removed throughout the building. There is existing wall paneling surrounding the baseboard heaters to be removed in room 26. Once the baseboard heaters are removed, there will be voids left in the wall paneling.

It is proposed to remove all of the wall paneling on this wall only. The surface underneath would be textured and painted to match adjacent walls. Is this acceptable? See photos of existing baseboard heaters and wall paneling.
