

COVID-19 EMERGENCY MEASURES

EFFECTIVE IMMEDIATELY, ALL COVID EMERGENCY MEASURES ARE RESCINDED AND ARE NO LONGER IN EFFECT

1. **Is your office open?** All offices are open to the public. Members of the public who are not fully vaccinated will be asked to wear a mask while visiting a state office.

Due to a reorganization on the first floor of the Bryan Building at 901 South Stewart Street, our physical building is open to the public, but access requires a staff escort from June 1-4, 2021. After June 7, the public will be able to freely access the first floor of the Bryan Building but will require an escort to the Fifth floor where our offices are located. Please contact this office so that we may escort you to the Fifth floor.

2. **Are you accepting Section 106 submissions?** Yes, our office is accepting Section 106 submissions. **Please mail the entire submission packet to the office in all circumstances. We are no longer accepting electronic submissions. All submissions must be received in hard copy.**

Any electronic submissions received after June 1 will be rejected with a request to mail the submission to the office for review.

3. **What materials does the SHPO require for a submission?** A coversheet checklist can be found [here](#). A description about preparing a submission can be found on our website [here](#).
Please submit a complete and adequately documented submission package with all the materials listed. In accordance with regulations, a deficient or incomplete submission does not trigger a SHPO review period and staff may return the submission to the sender for completion.

4. **Do you have archaeological sites/architectural historic property records available for review?** Yes, you may find this information on the Nevada Cultural Resources Information System (NVCRIS). This is an online search tool that you will need a username and password as well as specific credentials to access. If you do not have access to NVCRIS, please email the NVCRIS Coordinator at nvcris@shpo.nv.gov and she will provide you with the information to obtain access to NVCRIS. You may also request a Positive/Negative Data Cut Report from the NVCRIS Coordinator if you do not have the credentials to access certain layers within NVCRIS. The NVCRIS Coordinator will be able to assist you with this matter.

NOTE: We will mail our response to the address indicated on the submission. It is the responsibility of the federal agency or their delegate to inform our office in writing that they wish to have a scan of the reply letter. We will attempt to accommodate those requests as staffing and time permit.
