Hello Rebecca, this is the project I talk to you about last week, We have to replace the old underground electrical as it is not to code and replace the damaged electrical box in the bus yard for Department Of Corrections. We will be cognizant of the work area and if we find anything I will report it to your agency immediately, Please let me know if we can move forward with this project, thanks.

Description of Proposed Work:

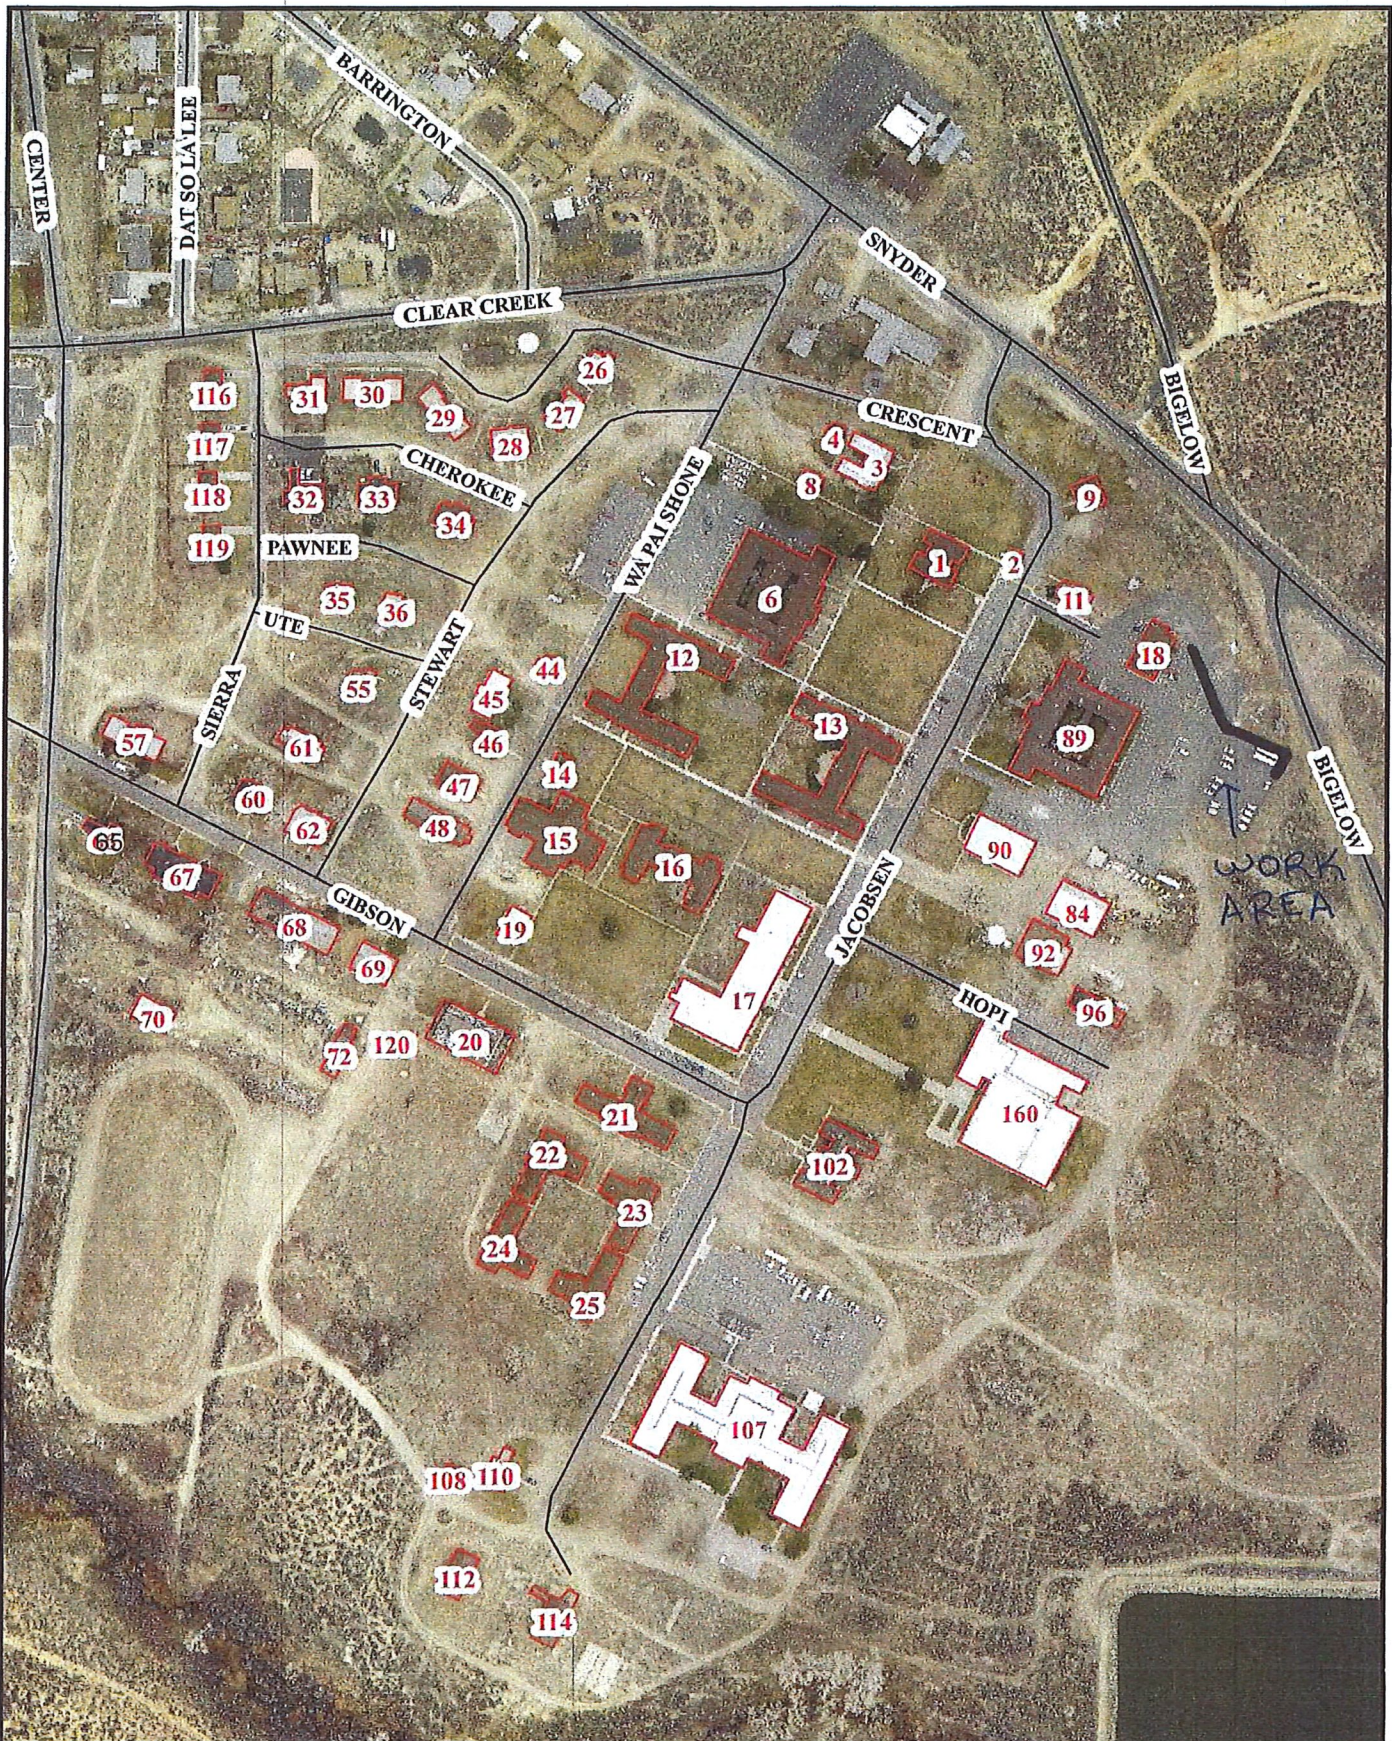

Please provide a thorough written description of the proposed work, including-

- Location on building
- Approximate size of area affected
- Existing conditions
- Materials to be used
- Proposed methods (must follow the Secretary of the Interior's Standards)

(Use as many pages as needed)

⊛ Conditions of approval:

If they can stay within area already disturbed when the electrical system was originally installed I have no concerns. However, if they need a larger area of ground disturbance for the new system (either to meet modern safety requirements, or the new system is physically larger) an archaeological monitor will need to be present during the initial ground disturbance for this project.
