(Pike Street at Logan, Old Town Dayton)

The next lecture in our 2025 monthly lecture series will be an informal panel discussion "Growing up on the Comstock" – both the upper Comstock (Silver City) and the lower Comstock (Dayton).

We'll hear about childhood and becoming adult from folks who grew up in this area. It's going to be informal, so bring your questions. And if you grew up here bring your memories, as well! (We aren't adverse to adding *ad hoc* panelists!) We want to hear about EVERYTHING! (Well, everything our panelists are willing to talk about).

- What did kids do for fun?
- Where did you go to the dentist?
- Does anything look the same today?
- What do you miss the most?
- What did you parents do when you got into trouble?

And anything else our panelists want to tell us... or our audience wants to ask.

This panel is going to be *fun*!

- Doors open at 6:30 pm with a meet and greet and light refreshments.
- The program begins at 7:00 pm.
- Free.
