Commission for Cultural Centers & Historic Preservation

RE: CCCHP-23-09 (Fallon Community Theatre, Inc - Historic Fallon Theatre)

ATTN: Carla Cloud

Original Grant Request (CCCHP-23-09) was \$728,833.97.

We informed the board that we would be removing seismic retrofit (\$604,220) from our original application yesterday at the CCCHP board meeting leaving us a total request amount for two projects of \$124,613.97. We would love to do both projects but understand the situation the CCCHP board is in.

Therefore, our minimum amount would be \$95,003.97 which would complete the new heating/cooling systems in our theatre so that all systems would be compatible, energy efficient and, especially, reliable.

Thank you for your consideration & time!

Fallon Community Theatre, Inc.
