Re: CCCHP-21-13 Ely City Hall Construction Documents

Dear Mr. Robertson:

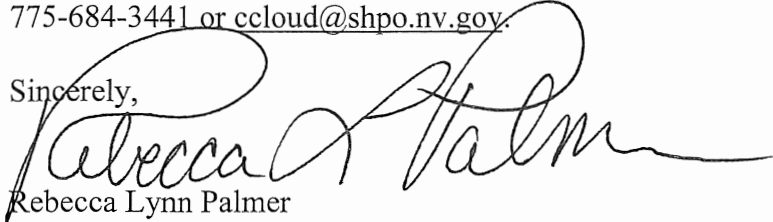

Our office received the City of Ely's 100% construction documents submission for Ely City Hall on July 8, 2024. We have determined that a limited portion of the project (the proposed design for the three exterior garage doors and the adjacent set of exterior double doors on the proposed front building elevation) is not consistent with *The Secretary of the Interior's Standards for the Treatment of Historic Properties, Standards for Rehabilitation*. (Standards)

As the work end date expired July 5, 2024 and our office requires that revisions be made to the 100% construction documents so they are consistent with the Standards before our office can process final reimbursement, this project will be placed on the Commission's agenda for possible action at their upcoming meeting on August 19, 2024. We will forward you a copy of the meeting agenda as soon as it is available.

Our office also received the hard copy of your final report and final reimbursement request on August 5, 2024. We are currently reviewing these documents. If any revisions are necessary, our office will address this after the Commission's meeting.

If you have any questions regarding this letter, please contact Carla Cloud, CCCHP Manager, at 775-684-3441 or ccloud@shpo.nv.gov.

Sincerely,

Rebecca Lynn Palmer
Administrator and State Historic Preservation Officer
