RE: CCCHP-23-05

This letter serves as a request for additional unobligated funds to complete part of the Masonic Lodge rehabilitation project in Eureka. We are requesting \$20,824.00 to finish the lower ceiling demolition and repairs. A grant from Nevada Gold Mines was anticipated but not received.

Our project has been segmented into distinct phases. We are presently engaged in the repair and rehabilitation of the ceiling and floor structure in the rear room. The additional funding will enable us to successfully complete this phase of the project.

We are hoping you will place our request on an upcoming CCCHP meeting.

Thank you

Garney Damele,
President
