Dear Commissioners:

We would like to formally withdraw our FY 23-24 CCCHP grant application because we do not believe that we will be able to move forward with the work outlined in our application during the new grant cycle.

The State Historic Preservation Office staff has explicitly said that the restoration of the brick exterior and windows of the building cannot be completed until the roof is replaced and the missing historical elements reconstructed. The roof work is part of our current scope of work for FY 21-22 and is not yet complete. When we submitted our application, we hoped that we would be further along than we currently are. We will continue to work diligently toward its completion despite the setbacks related to the project.

We feel that it is not prudent nor responsible at this time to request additional grant funding given the status of the project and recognize the greater need of other organizations that have applied for funding. We appreciate the Commission taking time to review our application and apologize for any inconvenience this may have caused.

Sincerely,
