

Certain sites listed below have been determined as archaeologically or culturally sensitive and their locations are confidential as a condition of the Archaeological Resources Protection Act of 1979. Collecting artifacts from public land without a permit from the managing agency is looting, and is a felony under federal law [43 CFR 7] and a misdemeanor under state law [NRS 383.435]. Looting destroys the ability of archaeologists to research these important places and robs future generations of the opportunity to keep learning about Nevada's past. Please help us preserve important archaeological sites by leaving artifacts where you found them and reporting looting to the appropriate law enforcement officials.

The State Historic Preservation Office is not responsible for the maintenance of the Nevada Historical Markers. The Nevada Division of State Parks is responsible for this maintenance program. Please contact State Parks at <https://parks.nv.gov/contact> to notify them of missing or damaged markers.
